RE: Permanently Protecting the San Gabriel Mountains and Enhancing Recreational Opportunities for Kids, Families and Everyone

Dear San Gabriel Mountains Forever:

The Sunland-Tujunga Neighborhood Council recognizes that the San Gabriel Mountains are an irreplaceable natural resource and the iconic backdrop to our foothill communities. Our National Forest lands supply us with drinking water, support our outdoor-oriented lifestyles and enhance our property values. They provide habitat for numerous plant and animals and a place for families and kids – all of us -- to connect with nature.

We understand that the new San Gabriel Mountains National Monument has already generated improvements within the National Monument. Chronic problems are beginning to be addressed by the Forest Service as it hires more staff, re-opens visitor centers, improves trash pickup and gets more rangers in the field. National recognition of our local mountains has moved them up as a funding priority and has attracted millions of dollar in private funding to do more. We believe that the National Monument and its benefits should be extended to the National Forest land above Sunland, Tujunga and La Crescenta and throughout the San Gabriel Mountain range. Over the next few years a management plan for our new National Monument is being written with public input. We are hopeful that the plan will address the potential environmental damage of three proposed high speed rail routes through our mountains and oppose their construction.

We join you in supporting the establishment of additional Wilderness Areas in the Angeles National Forest and San Gabriel Mountains National Monument to better protect our pristine, totally undeveloped National Forest backcountry and Wild & Scenic Rivers to protect our watersheds. No one can make new wilderness and open space; we can only better protect what we have. Wilderness Areas are managed to preserve their natural character forever, preserving habitat for wildlife and wild nature for human being to enjoy. Wilderness Areas allow for no infrastructure, prohibiting everything from roads to high speed rail.

We join San Gabriel Mountains Forever in asking Congress to take the appropriate actions to better protect the San Gabriel Mountains and to enhance recreational opportunities.

Sincerely,

Summary/Purpose

We are members of the STNC (Sunland Tujunga Neighborhood Council) Youth Committee and we would like to request your permission to start a Big Brother and Big Sister Program at Mount Gleason Middle School. With this program we hope to achieve unity within the community as well as help mentor the younger generations throughout their journey to and through high school. We want to find common interest amongst them in order to eliminate bullying and separation. We plan to achieve this through weekly afterschool reunions with any students who wish to attend. These reunions would consist of team building activities, Q&A about high school, sport activities, anti-bullying gatherings and arts and crafts. With your consent and support we hope to reach out to as many students as possible. As prior middle schoolers, we are aware of the hardships and difficulties students face in these three years of their lives. We want to start this Big Brother and Big Sister Program because we want to reach out to the youth with more than just mentoring. We want to stop all separation and get them prepared for high school and eventually college.

Objectives

Short-term goals:

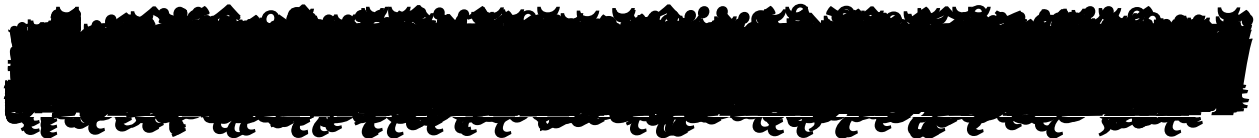

1. Start trial program on Tuesdays at Mt. Gleason Middle School.
2. Advertise using flyers, assemblies, and even personal interaction.
3. Create a survey that will supply us with useful information about the kids we will potentially be working with and their interests.
4. Start the funding process of this program (donations, fundraisers, sponsors, etc.)
5. Gather a group of hardworking and motivated individuals who will be willing to volunteer their time to help with out program and become mentors.

6. Accumulate a good amount of students throughout the weeks to start reaching out to more areas and schools in our community.
7. Maintain a steady group of kids that we will be able to help throughout the rest or remaining year(s) of middle school.
8. Encourage these children to become more active and participate in outside activities that will hopefully increase the participation level in our community.

Long-term goals:

1. Expand the program and include other children from different schools and areas besides Mt. Gleason.
2. Gather enough support from the community to be able to provide more for the kids (equipment, materials, games, etc.)
3. Be able to have the program and accessible to kids more than once or twice a week.

4. Organize and have a set group of volunteers that will be long-term members of the Big Brother and Big Sister Program.
5. Have T-shirts and other merchandise to identify and distinguish the people involved in this program.

Conclusion

All things considered, we believe that this program could be very beneficial to not only the younger generations that would be involved but also to us. It gives us the chance to engage with the youth, as well as lets the youth engage with us. This program could help them in school, allow them to make new friends, prepare them for high school and so much more. We hope to achieve these goals through things such as tutoring, group activities, mentoring etc. We believe this could be a very helpful and successful program.

Jr. Youth Advisory Committee

January 29, 2016

To whom it may concern,

On behalf of Sunland-Tujunga Neighborhood Council Jr. Youth Advisory Committee we would like to propose a Family Animal Event to be held at the Sunland Foursquare Church on Saturday, March 26th, 2016. We are asking if we could please have the church donated for this event.

Our goal is to educate the youth of our community about not just their pets, but the wild life around them. This is a great opportunity to teach younger members of our community to coexist with animals around us and to also nurture a love for the animals around them. We would hope to have the participation of the elementary, middle, and high school students and their families.

Please let us know as soon as possible if this would be something you would consider in helping us achieve for our youth in this community. We thank you for considering our proposal & look forward to working with you in the very near future.

Jr. Youth Advisory Committee

February 10, 2016

To whom it may concern,

On behalf of the Sunland-Tujunga Neighborhood Council Jr. Youth Advisory Committee, we would like to propose a Community Teen Dance to be held at Angeles National Golf Course Banquet Hall on Saturday, May 14th, 2016, or any date that works best for the Angeles National Golf Course. We are asking if we could please have the Banquet Hall donated, as we, being a new committee have limited to no funding.

Our goal is to have local monthly events for the pre-teens and teens in our community. We have various ideas for the future that we look forward to planning such as: Karaoke Nights, Movie Nights, and Biannual Dances. We will be asking our local banquet halls, restaurants, and golf courses to not only donate their venues for these events in the future, but also participate and be involved in our community and receive recognition through advertisements as well.

Please let us know if this is something you would consider helping us achieve for our youth in our community .We thank you for considering our proposal, being apart of this community, and we look forward to working with you in the very near future.

Have a great day!
