Grant thanks Committee Member Serrano for all her excellent work on elections outreach and all the hard work of this committee. It is very important that the board approve this outreach package tonight.

President Sanchez notes that Johnny Smith, the Commander of the Foothill Division is now present at the meeting and on duty, so she wants to postpone further discussion on Item 4 so he can get back to his duties.

Item 7. Representative Announcements and Reports

Johnny Smith, Commander LAPD Foothill Division – Happy New Year There has been a 100% uptick in murder/shots fired with hits over last year. Auto theft is going up less quickly that last year, up 15 % vs. 38% last year. Assaults are down except for the protests on Foothill and Lowell especially assaults on officers. He

asks both of these groups to curtail these protests because it drains police resources. There are no innocents here. Gang violence is increasing, particularly race based violence in Pacoima. He was raised near here and knows the ST community well. He is open to taking questions as long as they are truthful.

Public Comments—

Decker Decker – reads prepared statement regarding the protests on Foothill before the Presidential Election and last week’s protest. He wants the LAPD to take white supremacy and the Proud Boys seriously and not coddle them.

Board Member Karamians -- does not want to get involved with national politics, but sometimes it is unavoidable. He shares Mr. Decker’s concern about white supremacists.

Senior Lead Officer Cesar Contreras – Happy new year. There has been a 2% uptick in crime. He does not remember another period with this many homicides happening, this problem is primarily in Pacoima and Sun Valley. The major problem in our area continues to be auto theft. The other issue is the homeless problem, particularly homeless camps in Sunland Park. There is not much the police can do about this other than if there is an ADA issue with sidewalks or if actual crimes are being committed. Homeless people can sometimes be persuaded to move somewhere else if they are camping too near someone’s residence.

Sgt. Jesse Ojeda, Community Relations LAPD Foothill Division – Happy to move on to 2021. The LAPD is working on getting vaccinated. The LAPD is doing their best to serve the community and get the crime numbers down, needs the community’s help to accomplish this.

Q: By President Sanchez – are all officers required to wear masks while on duty?

A: Yes, when they are in close contact with other people.

Mark Ross, Neighborhood Prosecutor, Foothill Division – the City Attorney’s office has a neighborhood prosecutor. He is here to help anyone who has a longstanding problem. The City is dealing with the homelessness problem all over the City. If you see actual crimes being committed in a homeless camp call the non-emergency number: 877-ask-LAPD and report. There are a couple of new state laws that passed affecting his office’s activities: 1) the maximum probation time for a misdemeanor is now one year; 2) the court can now order someone to diversion even if the City Prosecutor objects. You can report people you see on the street that look like they need services to LAHOP and they will send outreach workers. He is seeing an increase in party houses, more in other areas than in Sunland-Tujunga. This is a problem during the pandemic. If you know of a house with constant parties, call the LAPD SLO on the non-emergency number.

Q: By President Sanchez – the FBI is saying there are going to be protests in all the state capitols on inauguration day; are there plans in place for Downtown LA and enough officers to respond?

A: (By LAPD Sgt. Ojeda)—For the entire week Foothill Division and LAPD have had officers set up at pre designated locations for quick response. All LAPD officers will be in uniform and tactically ready on inauguration day.

Q: By Member Khanjian: Is there a designated number of people involved to qualify as a “party house”?

A: This number has been subject to change based on the number of cases, currently you are supposed to limit contact to those who are living in your household.

Q: Many in the community are afraid of wildfires being caused by illegal camp fires set in the wash, Hansen Dam, and other areas. Is anything being done about this?

A: If he received any such cases he would prosecute them, he has not received any such cases in the past several months. He can only take action if a police report is generated for a negligent misdemeanor. The fire dept. has its own unit to investigate felony arson. Any citizen seeing a fire should call 911.

Q: By Evelyn Serrano to Sgt. Ojeda – what efforts are being made to support officers with anti-racist / anti-bias?

A: The LAPD has had this kind of training for years. Personally took his last training 1 1/2 years ago. This training is very important and hopes it can come back once there are the finances to pay for it.

Q: By Brenda Jahelka—thank you for what you are doing. Are the changing laws regarding special circumstances coming from Governor Newsom or LA County DA Gascon?

A: The comments he made were regarding new laws passed by the California legislature. He has read news reports about DA Gascon putting out a new list of directives about charging special circumstances going forward. The Los Angeles City Attorney charges misdemeanors; there have been no recent changes on how they handle these cases.

Q: By Member Abramyan: If the County DA bucks a charge down to a misdemeanor, does it go to the City Attorney's Office?

A: The County DA can refer a case to the City Attorney's office to charge as a misdemeanor or they can just reject the charge. Does not know what the new LA County DA is going to do.

Vickere Murphy, State Senator Anthony Portantino's Office – the senator is taking the lead on introducing a major resilience bond measure that will help the state prepare for wildfires and have supplies of clean drinking water. She has a fact sheet if anyone is interested. Tonight is the deadline to apply for state grants for small businesses and non-profits, for more info. go to: carelifegrant.com. There will be a second round of these loans, but is not sure when. The EDD has flagged about 1.4 million claims and put them on hold. In about 2 or 3 days most of these claims should be able to be reconciled through the ID ME process, leaving about 400,000 that might require more screening. Contact her office if you need help with an EDD claim.

Arturo Garcia, Senior Field Rep, State Assembly Member Luz Rivas – 1 in 4 homeless people in the US lives in California. The assembly member is re-introducing AB 71, the Bring Home California Act, which is similar to the bill she had last year with the addition of proposing this problem receive an annual portion of state funding of approximately 2.4 billion by returning the level of corporate tax rates to the level they were in 1980. There will be strict accounting requirements to make sure the money is wisely spent. He thanks representative Murphy for explaining the current EDD situation. Member Rivas' office can also help with EDD problems. It is now possible to schedule a virtual visit by contacting the district office.

Q: By Member Khanjian -- California has the highest budgets for homeless people. He wonders if the higher benefits attract homeless people from other states.

A: Knows that taxes are a concern, but there is currently no dedicated revenue stream to address homelessness. Has a fact sheet on the bill if the member is interested.

Caroline Menjivar, Mayor's East Valley Representative – the Covid vaccine is in high demand and there still are not enough doses, so they are not doing people over 65. They are still in tier 1A with appointments based on referrals from employers. Next week you will be able to send an email to find out when your tier is going to be vaccinated. Found LA is another loan program for small businesses and non-profit grants from \$5,000 to 25,000 see foundla.org for more information. There is a walk up Covid testing site at Van Nuys and Glenoaks. Sunland Tujunga is fortunately not a hot spot. On February the 6th the Mayor's office will help the STAT Committee distribute safe driving yard signs on a first come first serve basis.

Maria Leonido, Neighborhood Housing Services of Los Angeles County – this is a non-profit who helps low and moderate income homebuyers with low cost loans. They also have foreclosure prevention services. They have two upcoming workshops. They can also help with state grants to help low income homeowners with changing homes to be ADA accessible or to build ADUs, do needed electrical repairs, etc. Call at (213) 381-2862.

Q: Board Member von Gunten: -- has been contacted by a small landlord that is having problems making his mortgage payments due to lack of rent per Covid emergency eviction regulations. Can you help with this?

A: Their non-profit also works with small landlords, does not know the limit on how many buildings they can own.

Christina Holland, LADWP Community Liaison – the DWP is currently working on a long term water plan. There are meetings on Jan. 29th at 6pm and on Jan 23rd at 9am where you can ask questions. RSVP by emailing uwmp@ladwp.org.

Eve Sinclair, Area Director for Councilwoman Monica Rodriguez – LA Street Services is doing a slurry seal on 55 streets in our area. This seal which is partially made from recycled tires adds 5 to 7 years to asphalt. One of the sections to be resurfaced is in front of Sunland Park on Foothill between Sherman Grove and Newhome. They are also going to a more extensive re surfacing on Estepa Drive. They are moving forward with the Measure W project. LA Sanitation will be doing the design and there will be community meetings after the project is designed. This will be a 5 year project. The conversion to low voltage lighting on Commerce from Summitrose to Valmont will hopefully start this month. North Valley City Hall is nearing completion of the renovations, which should be done in a week or two. Operation Bright Spot will be here again in March and April. Until then you can help keep Foothill Blvd. clean by dialing 311 if you see dumping or other problems.

Q&A:

Q: By member Hutchinson – was the slurry seal on Wyngate near Newhome cancelled?

A: Will check on what happened. The slurry team will be here until this Friday.

Q: By member Hutchinson – stakeholders have been complaining about multiple RVs parking on Woodward; there was even some sort of non-profit delivering meals to them. Is this some sort of designated camp site?

A: No, the Councilwoman has put in a proposal to the City Council to approve a no overnight parking zone for that section of Woodward and also on Marnice Ave.

Q: By Member Khanjian – thank you for sealing the streets, so many of my neighbors have been concerned about the poor condition of the streets, it is one of the reasons I joined the STNC. Is Estepa Drive being resurfaced? Will the Oak tree roots be addressed, they make the street unsafe.

A: Does not know how deep the repair is going to go, it is going to undergo some sort of resurfacing, and the tree roots will be addressed. It is much more expensive to repair a failed street than to save a street that still have some life left. This is why the City spends 80% of their repair budgets on saving the streets that are still in standard condition.

Q: Member von Gunten wonders if there is any plan to seal the sidewalks after they are power washed. He is afraid that they will be more subject to stains from coffee, dirt etc.

A: She will look into this.

Q: By Stakeholder Brenda Jahelka – Is very thankful for what is being done on Oro Vista, this will be a huge improvement. Is still concerned about how the City will deal with traffic at this busy intersection while the repairs are being done.

A: They will have to figure out a plan for alternative routes. The City will seek the input of the churches and businesses. They are also still pushing for a left hand turn signal at this intersection that will hopefully be there by the time this project is in the construction phase.

Item 4. STNC Elections (Continued); Approval of Election Committee Recommendations

Presentation by Lydia Grant – January 30th is the STNC Board retreat, they are thinking of inviting those who are interested in running for office so they can have a better idea about what is involved. One problem is they are still not sure where the drop box is going to be for voting. Using one of the boxes the County Clerk used for the general election this fall is being considered, but not yet finalized. The NC elections will be vote

by drop box only, and stakeholders will have to pre-register in order to be able to vote. It is also unclear when the newly elected board members will take office, it may not be until the end of the fiscal year in June.

DONE advisor Nyambura apologizes that Nathan Singh was unable to attend tonight's meeting. Advisor Nyambura plans to have one on one meetings to help all the election chairs. He agrees with Lydia Grand the Evelyn Serrano's outreach plan was impressive.

VP Grant notes they can only update the contact part of the worksheet because the ballot box location has not been finalized. VP Grant agrees to be the primary contact and Member Rowe agrees to be the secondary contact.

Ms. Shahmirzai is a board member of the Boys & Girls Club and a lawyer specializing in climate and technology. She is interested in sustainability and would love to learn more and see how she could contribute.

VP Grant notes that member Alvarez is not being removed, the STNC will just have two representatives at this group which is an alliance of all NC's not an STNC Committee.

Q&A:

Q: By Member von Gunten: I noticed that you are an attorney, could you give us an idea of what sort of clients you represent?

A: Has been focusing on transactions and some litigation involving green energy companies, protecting their intellectual property rights. Has also helped to negotiate deals to reduce waste; for example transitioning from fuel to another energy source to comply with carbon emission regulations. She is an advocate for the environment and hopes her background can help.

Q: By Member Khanjian: Governor Newsom projected in the next 15 years we will all drive electric cars. Is this possible given all the cars and gas stations that exist now?

A: This is a great goal, does not know if it is practical, who knows how long the transition will take. The transition to digital platforms to adapt to Covid 19 happened very rapidly.

Secretary Cleghorn presents the draft letter that has to be in by the end of the month.

President Sanchez sees no problem with DONE having the passwords to the STNC's social media accounts. She had a very difficult time getting passwords which made the transition between boards more difficult than it should have been.

Stakeholder Bren Jahelka has experience with this at work and suggested the passwords be kept in a secure envelope with two signatures. This would allow in house custody. She offers to show how this system works.

Member Rowe does not like the idea of giving the City the passwords. Members Khanjian and Shaheenian have the same concern.

VP Grant notes that board members should not go online and slam each other, it is unprofessional.

President Sanchez recuses herself from the meeting at 9:58 pm.

Item 14: Discussion/Action/Motion to Consider STNC Board Recommendation to Grievance #265 Received 12/4/20

Member von Gunten takes the chair for this item.

RESOLUTION

WHEREAS, any official position of the City of Los Angeles with respect to legislation, rules, regulations or policies proposed to or pending before a local, state or federal governmental body or agency must first have been adopted in the form of a Resolution by the City Council with the concurrence of the Mayor; and

WHEREAS, pending before the State legislature is SB 9 (Atkins) introduced on December 7, 2020, which if enacted into law would require cities and counties, including charter cities, to provide for the ministerial ('by right') approval of a housing development containing two residential units (a duplex), and a parcel map dividing a lot in to two equal parts ('lot split'), for residential use; and

WHEREAS, enactment into law of SB 9 would eliminate public hearings by the Planning Department and public notice, inasmuch as the proposed projects would only require administrative review, and proposes to provide ministerial approval of a parcel map (four or less parcels) for a lot split, and thereby amend sections of the Subdivision Map Act by extending from 12 to 24 months the additional time period of an approved or conditionally approved Tentative Map; and

WHEREAS, SB 9 would exempt these projects from environmental review as required by the California Environmental Quality Act (CEQA) by establishing a ministerial review process, without discretionary review or a public hearing, thereby undermining community participation and vetting by local legislative bodies; and

WHEREAS, SB 9 further stipulates that a city or county cannot require a duplex project to comply with any standard that would prevent two units from being built, and would prohibit a local agency from imposing regulations that require dedications of rights-of way or the construction of offsite and onsite improvements for parcels created through a lot split; and

WHEREAS, enactment into law of SB 9 would undermine the Subdivision Map Act, which vests the authority to regulate and control the design and improvement of subdivisions by the legislative body of a local agency and sets forth procedures governing the local agency's processing, approval, conditional approval or disapproval, and filing of tentative, final (five or more parcels), and parcel maps (four or less parcels), and the modification of those maps;

NOW, THEREFORE, BE IT RESOLVED, with the concurrence of the Mayor, that by adoption of this Resolution, the City of Los Angeles hereby includes in its 2021-2022 State Legislative Program OPPOSITION to SB 9 (Atkins), which if enacted into law would require cities and counties, including charter cities, to provide for the ministerial ('by right') approval of a housing development containing two residential units (a duplex), and a parcel map dividing a lot into two equal parts ('lot split'), for residential use; and exempts environmental review; and would approve these projects without discretionary review, or a public hearing; thereby undermining local land use control and the concept of 'Home Rule' by the imposition of State legislation on local government agencies, including charter cities.

Request Title: Interest in open Stakeholder Group Representative seat

Committee: Executive Committee

Agenda Announcement Request: I would like to be considered for the 1 of the open seats for Stakeholder Group Representatives. I am currently the VP of Membership for the Apperson Elementary PTA. I have been a member of the PTA for 4 years and in board positions for the past 2 years. I have filed as a candidate for this position in the next election as well.

Uploaded Documents:

I am interested in serving on the STNC as a near-lifelong resident of the area. I love this community and would love to see it continue to thrive. I feel by joining STNC I can have a hand in efforts to make the community better. I have also submitted my candidacy for the next election for a Stakeholder Representative position.

I have been involved in the Apperson Elementary PTA since my kids were in Kindergarten (they are now in 3rd grade). I have had leadership positions in the PTA for the past 2 years. I have also served the community as a Cub Scout leader and volunteered in my children's classrooms.

I love my family and taking care of my South Sunland home. I enjoy vacations with my family and visiting with my mother who lives in Tujunga. Spending times with my kids and watching them flourish at Apperson Elementary are my main goals.

Thank you in advance for your consideration to add me to the Stakeholder Representative group within the STNC.

Sincerely,

Michelle Wadler

Dear Members of the Sunland Tujunga Neighborhood Council,

It has been my pleasure to work with Michelle Wadler over the last few years in the Apperson Street School PTA. She has been a member in good standing since her kids started school and has served as our Vice President of Membership for the last year. She is a dedicated and hard worker who cares about the community and making it better.

We support her in becoming a community stakeholder representative on the neighborhood council and believe the neighborhood council would be better with her on the board.

Sincerely,

Elizabeth Yerke-Robins
