6. Discussion/Possible Action Getting additional Park Rangers.

Cindy recommended Kevin Davis from the Budget Advocate be involved to ask the City to put additional Rangers into the next budget.

Lydia stated the State got a huge windfall from the Federal Government and will need to spend the money. Cindy referred to Council file 19-0600S71 and said this item has been in Monica Rodriguez (Public Safety) committee and she is refusing to address the Ranger issue. She further commented that the LAPD is having to cover for the lack of Park Rangers. LAPD now has to also cover the schools so they are spread very thin.

7. Discussion/Possible action: Call out for artists for Pinewood Mural.
Marjorie Maxon read a statement to the committee. Lydia Grant noted that every single time the STNC is involved in any project, there needs to be acknowledgement of the STNC. All projects are considered Outreach, even Community Improvement. She further stated there had to be community input. We have many artists in this community- we just need to outreach to them. Lydia stated Committees are not independent groups- they are part of the STNC and everything being proposed by a committee needs to be approved by the STNC Board.

8. Discussion/Possible Action: CF 21-0001-S150 (Rodriguez) 8/3/21 Street Racing, Authorizing Driver's License Suspension.

Cindy corrected the above CF stating the correct file is: CF 21-0002-S150. She further stated the Westside NC filed a CIS on this motion on Sept 9 and supported AB3 to increase penalties from 90 days to six months. Karen Perdue stated that the motion doesn't go far enough, cars should be towed. Lydia commented that cars should be crushed to deter further street racing.

Cindy made the motion to submit a CIS in support of the motion with an amendment that penalties need to be increased to one year suspension with the vehicle towed/impounded/destroyed.
