- July 1, Governor Gavin Newsom and the California Department of Public Health today [released guidance](#) directing counties that have been on the County Monitoring List for three consecutive days or more to close indoor operations for certain sectors which promote the mixing of populations beyond households and make adherence to physical distancing and wearing face coverings difficult.

The state is also recommending that counties with mandatory closures cancel firework shows and is reminding all Californians that they should not gather with people they do not live with and avoid crowds.

Additionally, all parking facilities at state beaches in Southern California and the Bay Area will be closed for the upcoming weekend. In counties that close local beaches, the State will follow suit and close state beaches. Other state parks will remain open, [with measures in place to reduce visitation and limit overcrowding](#).

Governor Gavin Newsom today an [executive order](#) extending authorization for local governments to halt evictions for renters impacted by the COVID-19 pandemic, through September 30.

The order also extends provisions in earlier orders which allow adults to obtain marriage licenses via videoconferencing rather than in-person during the pandemic; waive eligibility re-determinations for Californians who participate in Medi-Cal, to ensure they maintain their health coverage; suspend face-to-face visits for eligibility for foster care; and permit In-Home Supportive Services (IHSS) program caseworkers to continue caring for older adults and individuals with disabilities through video-conferencing assessments.

The order also extends waivers temporarily broadening the capability of counties to enroll persons into the California Work Opportunity and Responsibility to Kids (CalWORKs) program, allowing for self-attestation of pregnancy and conditions of eligibility, and waiving in-person identification requirements.

In addition, the order extends provisions allowing for mail-in renewals of driver's licenses and identification cards, to limit in-person transactions at the Department of Motor Vehicles, and extends timeframes related to the payment of real estate license application and renewal fees and continuing education requirements for licensees.

- June 28, Governor Newsom and the California Department of Public Health [announced](#) the closure of bars for counties on the County Monitoring List for more than 14 days. These included Fresno, Kern, Kings Los Angeles and Tulare counties. Closures were recommended for Riverside, Sacramento, San Bernardino, Santa Barbara, Stanislaus and Ventura counties.

About the Tests:

- **There have been 6,414,321 tests conducted in California. This represents an increase of 127,469 over the prior 24-hour reporting period. As testing capacity continues to increase across the state, an increase in the number of positive cases has been expected – increasing the importance of positivity rates to find signs of community spread.** These numbers include data from commercial, private and academic labs, including Quest, LabCorp, Kaiser, University of California and Stanford, and the [25 state and county health labs](#) currently testing. You can find a [testing site](#) in your area on the main CA COVID-19 website: covid19.ca.gov.
- The California Department of Public Health released [updated testing guidance on July 14](#) that focuses on testing hospitalized individuals with signs or symptoms of COVID-19 and people being tested as part of the investigation and management of outbreaks, including contact tracing. The testing guidance also prioritizes individuals who have COVID-19 symptoms and individuals without symptoms who fall into high risk categories.
