

Save The Date - April and May 2021

The U.S. Census Bureau invites you to mark your calendars now for our highly anticipated early spring Data Summits. The webinars will feature key agency experts discussing how to maximize access to our data.

Date **Session Title and Description**

- 4/8** **Census Bureau Data For Everyone, Why It Should Matter to You:** What does the agency do the other nine years?
- 4/13** **Census Bureau Data for AIAN Population:** Explore the tools that Census Bureau data offers for the American Indian and Alaska Native (AIAN) population.
- 4/15** **Census Data for Philanthropic and Non-Profit Organizations:** Information to help relay your community's evolving needs for proposal writing.
- 4/20** **Accessing Census Bureau Data for Rural Communities:** American Community Survey data provide annual updates for all geographies in the nation via 1-year and 5-year estimates for rural communities.
- 4/22** **Statistics in Schools:** Bringing Census Bureau data into the classroom through engaging resources and activities in several subjects.
- 4/29** **Census Business Builder for Small Business, Retailers and Service Establishments:** Accessing statistics on the socioeconomic, housing and demographic characteristics of your market.
- 5/5** **Statistics in Schools (SIS):** We've added a second session to our popular SIS Data Summit, for those who are not able to attend session one. Both webinars will cover the same material.
- 5/6** **COVID-19 HUB Demographic and Economic Resources:** Guide your organization through pandemic recovery with access to the agency's full breath of available data.
- 5/12** **Economic Recovery: Workforce Patterns** - Information on new, cost effective, public-use information combining federal, state and Census Bureau data on employers and employees under the Local Employment Dynamics (LED) Partnership.
- 5/13** **Census Bureau Data about Housing Characteristics:** Learn about the housing and household information collected by the agency.
- 5/13** **Census Data for Librarians:** Census Bureau data are used to make decisions about how and where to spend more than \$800 billion each year for programs and services that communities rely on like libraries.
- 5/20** **Data about Race, Ethnicity and Ancestry:** Ongoing data about the changing race and ethnicity profile of your community, at granular levels of geography.

A follow-up email will be sent soon with registration information.
All sessions begin at 11a.m. Pacific Time.
