GENERAL BOARD MEETING

Pre Meeting Comments at 6:45pm by Secretary Cindy Cleghorn – President Sanchez will run the meeting. Attendance and voting on motions will be by roll call. Meeting attendees will be muted, use raise hand feature to comment on Zoom or dial *9 on phone. Comments by public limited to two minutes.

Item 1. (a-c) Call to Order and Welcome, President Sanchez—Meeting called to order, Pledge of Allegiance, Roll Call --Meeting quorum met. Member Norling has not completed all of his board training yet and will not vote on funding matters.

Item 2. President's Report:

Evelyn Serrano requests that items 10B be removed from tonight's agenda. There are 3 Group Representative Vacancies on the STNC board (two by end of meeting). President Sanchez hopes qualified stakeholders will apply for a position on the Board. This next year's STNC elections on April 27, 2021 will be vote by mail.

Item 3. Representative Announcements and Reports

Foothill Division Commanding Officer Captain Johnny Smith—Introduces self as new commanding officer of the Foothill Division; he used to be at the neighboring Mission Division. Is excited to join the Foothill Division, which is closer to home. This is his second week in command. The main challenge he has found so far are the weekly protests, occasional confrontations between the BLM and pro-Trump protesters who meet at Foothill and Lowell on Friday.

Senior Lead Officer for Tujunga, Gloria Caloca – Is still having a problem with auto thefts and theft of items left in vehicles. It is a good idea to hide any valuables left in car. For older vehicles such as cars from the 80's and 90's a steering wheel club is a good deterrent. If you need a club, call her.

Senior Lead Officer for Sunland / Lake View Terrace / Shadow Hills, Cesar Contreras-- Crime statistics for the area are flat after the 20% increase. Most of the auto thefts are around Foothill Blvd. There are also growing homeless camps around Sunland Park since LAMC 56.11 clean ups are on moratorium due to COVID 19. He was successful getting one RV that was leaking sewage towed. Is also working with campers trying to get them to have smaller, cleaner camps and with retailers who sell alcohol to keep their premises clean. Has also asked Eve Sinclair to send outreach workers to the camps. Fires have been a problem, particularly around Hansen Dam and the Tujunga Wash. There have been site inspections, starting the process to get wash campers removed.

Officer Q & A:

Mary Soracco, ABRA – has been organizing the Friday protests at Foothill and Lowell, would like to liaison with the LAPD to make the protests safer. A: By SLO Caloca – she will continue the ongoing dialog

Evelyn Serrano – is also interested in more dialogue. She also wonders if the LAPD contacts with unhoused people include mental health support. Concerned there will be more homeless with people losing housing in the coming months. A: By Captain Johnny Smith—The police do not handle rent issues, thinks there is a moratorium on evictions although rent is not waived. The homeless crisis is one of the main challenges of our time. The LAPD does not have a mental health arm, but does work with the HOPE teams.

Member Abramyan – thanks Captain Smith for coming to our meeting. Q: What are the challenges you face today vs. 20 years ago? A: 50% of auto thefts are from keys left in cars or from thieves testing key fobs. Foothill is still the second lowest in reported part one crimes. From 20 years ago cannot imagine the amount of disrespect that officers are dealing with. They have lost 9 officers and 2 civilians in the Foothill Division. Feels the LAPD is being blamed for problems thousands of miles away, of 1.7 million police-civilian encounters, there have been 26 people shot. When there is a mistake, the LAPD owns it. The LAPD has collaborated with the LA City council and the community for years. If you see an officer, smile and wave.

Eve Sinclair, Area Director for Councilwoman Monica Rodriguez – The council office has been very active delivering meals to seniors, over 112,000 meals have been delivered. The drive in food bank event at All Nations Church on July 31 handed out food for 1,950 families. This is the last week for the Summer Play LA

program at Sunland Park since school starts this week. The council office has conducted two of three online safety webinars that have been well attended: Emergency Management and Wildfire Protection. The third webinar next Monday is Evacuation Planning. If you missed the first two webinars, the links are on Monica Rodriguez' Facebook page. 57 new trees have been planted on Foothill from Marcus to Lowell Ave. They will be watered for three years. 300 new street trees have been planted in CD 7. Tujunga Canyon Blvd is going to be re-surfaced from Hanes Canyon to Foothill. The dangerous intersection of Valmont and Foothill has been re-striped with a no right on red traffic sign. The left hand turn signal has been approved but as of now funding has not been found. Operation Bright Spot is concentrating on Sunland Tujunga for the next two months with street sweeping, tree trimming, median cleaning, and power washing sidewalks. This week they are doing Foothill from McVine to Mt. Gleason. Commerce St is next week, then Foothill to Lowell.

Q&A: Q: By VP Grant— What are the plans for the West Valley Animal Shelter? A: Does not know, will look into it. (See Caroline Menjivar's answer below)

Caroline Menjivar, Mayor Garcetti's East Valley Representative – The West Valley Animal Shelter, along with another shelter were closed on April 13 due to staffing shortages because City staff was being re-assigned to emergency pandemic response. Animal Services has proposed having the shelter operated by a non-profit animal rescue organization. The public meetings are over but you can still make a public comment. There are still many people in this area who need to respond to the U.S. Census, this is even more crucial since it is ending a month early on Sept 30th. There is going to be a census event this Sunday 10am to 12 noon at Vons in Tujunga where the Mayor's office will be handing out free masks and there will be tablets for those who need to fill out the census. The tablets will be cleaned after each use. The Covid 19 testing site at Hansen Dam will be closed Friday and this weekend due to the heat wave. The testing center at Dodger Stadium will still be open.

Vickere Murphy, Office of California State Senator Anthony Portantino – This is a big week in Sacramento, if a bill does not come out of suspense by August 20th, it has to wait for the next session in January. If your EDD claim is still stuck, you should call her office now because their office has a waiting list too. If you have already contacted Luz Rivas' office, tell their office so they can coordinate and not have longer waiting as a result duplicate requests.

Q&A: By VP Royal—are the two housing bills that passed yesterday now law? A: Thinks they are now back in the assembly.

Arturo Garcia, Office of California Assembly Member Luz Rivas— Census outreach is critical, Los Angeles is only at a 50% response rate, please fill out the census if you have not already done so. Still working on lots of EDD problems and is coordinating with Senator Portantino's office. The Assembly Member's bill, AB 1845 to coordinate the various state offices working on homelessness is on its way to the Senate.

Q&A: By Member Royal: Are the land use bills on Member Rivas's radar? A: She did support AB 1120 in committee because she sees that affordable projects are being stalled in local government. She does understand the concern about density in high fire zones and is working with Senator Weiner to get an exemption for high fire severity zones which would apply to all of Sunland Tujunga. By VP Grant – What about the lack of parking? Does she support zero parking in places like Los Angeles where they have already reached housing goals? A: There is a housing crisis and the affordable housing is stalled in the review process. Q: By Member Khanjian is this for homeless housing or for affordable housing? A: This is to streamline the process for affordable homes and ADUs.

Maria Leonido, Neighborhood Housing Services of Los Angeles County – this is a non-profit who helps low and moderate income homebuyers and small businesses with services such as financial education, debt counseling, and low cost loans. More information is available on their website: nhslacounty.org or call (213) 381-2862.

Gibson Nyambura, DONE – is being reassigned. President Sanchez presents DONE advisor Nyambura with a Certificate of Appreciation for all his help during the past months.

Kelly Gonez, LAUSD Board Member, District 6 – per the Governor’s order, LAUSD will begin the school year with distance learning. This year will be more structured, starting with a 2 day orientation for students and parents. There will be a set schedule with daily live instruction as well as offline work. There will be special programs for homeless, those with learning disabilities, those in foster care. The Grab and Go program will continue at Mt Gleason Jr. High from 8 to 11am. Is working with public health, they will likely move to a hybrid campus when it is safe to do so. The LAUSD is also organizing into communities of schools. Of the 11 schools in our community of schools, 9 are within STNC’s boundaries. Cammina Narcoda is the administrator for this community of schools.

Q&A: By President Sanchez: regarding the Chrome notebooks donated by the Jain Center in Tujunga. Were these computers donated to local children? A: Does not know, she was on maternity leave in May she will check with her staff. By Member Abramyan-- How are working parents home schooling? What does next year look like? A: The situation is evolving, was hoping to offer child care, but then the second wave of infections came and public health said no. As soon as the Governor’s targets are met the hybrid classes will start. This might happen in January. With the hybrid system some students would be in class some days, in child care other days, allowing parents to work a 5 day week. By Member Grant-- Regarding the NC elections next year, will you help getting information out to parents? A: Yes. By Member Abramyan-- Will the kids have to wear masks? A: Staff and children above 2nd grade required to wear masks. Masks are encouraged, but not required for the younger children.

Item 4. Public Comments on Non-Agenda Items:

Evelyn Serrano – Is withdrawing her request to form an ad hoc committee (agenda item 10B). Is going to apply to be a Stakeholder Group Representative for ABRA instead.

Eric Early – Is running for the 28th District U.S. House seat. He is thankful for the LAPD. Crime is a big issue for him. Homelessness is a crisis in this state; other states do a better job. Has a plan to rebuild our nation’s health care system. He is a lawyer. His campaign office is in Burbank.

President Sanchez notes there have been a few problems with board letters getting signed after the pandemic, particularly in March and June. She asked DONE reps Nyambura and Elbarbary and they both said it was not necessary to have a signature if the board voted to approve the letter. The Bylaws say the Secretary is directed by the President to send the letters. VP Grant does not think unsigned letters can be sent. This is why she favors having other Board officers being able to sign documents. Secretary Cleghorn, VP Royal and Member Rowe think this is a different issue than the present motion. Member Potter and Land Use Member Betty Moskowitz note that with land use letters, the City deadlines are very tight, sometimes less than 5 days. VP Grant notes she is able to go the Secretary's place of business in the daytime on short notice if necessary. After discussion on failed amendment there is a vote on the original motion.

Re: Application for Community Stakeholder Position on behalf of ABRA Foothills

Dear Members of the Sunland / Tujunga Neighborhood Council,

I want to express my gratitude for the work that you do in our Neighborhood Council. Thank you for your leadership, and for creating a space that allows our fellow neighbors to contribute their voices, time, and action to better our community.

My name is Evelyn Serrano. I am a mother, educator, and artist, and have been a Sunland resident for 11 years. I've included my bio at the end of this letter, for your reference. I hope to contribute my time and skills to support the work taking place in our community. I am submitting this letter as my formal application to become a Stakeholder Group Representative on behalf of ABRA Foothills. Below you will find information about our organization:

ORGANIZATION

ABRA Foothills: Anti-Bigotry Responding with Action

ORGANIZATION'S DESCRIPTION

ABRA is a multicultural organization that is based in the Foothills of Southern California on Tongva land. It was founded by Sunland/Tujunga community members to create forums for dialogue, learning, and action that address bigotry, racism, and white supremacy in our community.

We seek to activate and empower all members of our community to fight against all forms of bigotry. We believe in the power of education to expand minds and in sharing our resources to open up new realms of possibility for our futures. We are firmly committed to defending, supporting, and amplifying the voices of Black people, Indigenous people, and people of color. Our strength is rooted in the diversity of our membership, experiences, and tactics.

In the context of a global movement for Black Lives, anti-poverty, and civil rights, ABRA Foothills leads a local movement for healing and equity. Our work adopts methodologies and strategies that address bigotry and change discriminatory and inequitable structures. We come together to imagine and enact a more inclusive, equitable, just, supportive, anti-racist, and inspiring community.

OUR VISION

We build together an inclusive, diverse, equitable, and caring Sunland/Tujunga.

OUR MISSION

To advance community initiatives that challenge racism and embedded histories of inequality through dialogue, education, advocacy, and collective multigenerational action

OUR GOALS

- We work with our neighbors to build a more inclusive, equitable and caring Sunland/Tujunga
- We support the anti-racism movement for Black lives
- We center the needs, concerns, and goals of BIPOC, the un-house, low-income, under-employed, and other historically under-represented groups to frame collective action and community decision-making
- We redefine, imagine and enact an approach to community care and wellbeing that represents alternatives to policing
- We address the connections between our community's past, present and future
- We engage youth, adults, and elders through arts, collective action, and community initiatives that challenge white privilege, structural racism, and embedded histories of inequality.

OUR SHARED PURPOSE

We believe that in order to build a unified community, it's essential that all voices are heard. By centering our collective work around the needs of BIPOC in the Foothills area, we aim to address systemic injustice, empower marginalized groups, and work towards a future where everyone can benefit from living in a fair and just community.

Activating.

We know there are BIPOC and allies in our community who are no longer content to stand on the sidelines. That's why we are dedicated to providing Foothills residents with the knowledge, tools, and support they need to turn empathy into action. The more every one of us gets involved, the more we can enact positive change.

Educating.

Honoring the diversity in our community means educating ourselves and each other about the issues that are specific to each under-represented group. We are committed to sharing and developing resources that give context to BIPOC issues and help us envision a path forward.

Empowering.

Working on behalf of Black, Indigenous, and People of Color is about more than just encouraging tolerance. It's about finding ways to amplify marginalized voices and ensure that BIPOC are represented in every facet of our community. ABRA is committed to addressing all forms of injustice and creating the conditions for long term success of BIPOC in the Foothills. We employ a diversity of tactics to those ends, consciously evolving our tools through a range of perspectives and expertise.

Inspiring.

We believe in a future where BIPOC have all of the opportunities and resources they need to thrive. By using direct action to enact demonstrable change in our schools, local institutions, city government and beyond, we hope to foster more diversity in our community while inspiring more BIPOC and allies to get involved.

To whom it may concern,

This letter confirms that Evelyn Serrano is ABRA Foothills' representative for the stakeholder position of our Sunland Tujunga Neighborhood Council.

ABRA is a coalition of allies, BIPOC, LGBTQ+, and Black community members who are working together to elevate Sunland-Tujunga beyond its history and current levels of bigotry. Not only do we attend actions, but we do community outreach, cleanup, education, as well as build bridges with our local minorities. We have sponsored a neighborhood education zoom with Lázaro Arvizu and Mike Callahan about the Tujunga Foothills from both an indigenous history and recent history perspective. We are currently working with other civil rights groups to attend other events in Los Angeles and plan more cleanups, beautification, food justice, and minority justice in Sunland-Tujunga.

ABRA leadership communicates via social media and Zoom, and also has Zoom and group discussions with the entirety of ABRA.

SECTION II - PROJECT DESCRIPTION

4) **Please describe the purpose and intent of the grant.**

Young people in California can preregister to vote when they turn 16. If preregistered, young people can vote as soon as they turn 18. Yet Los Angeles County has a preregistration rate below 15%. Many people do not know about the opportunity to preregister, and most high schools do not have effective programs to take advantage of the law.

This grant would be used to raise youth voter registration levels through our online workshops. Students can sign up for our week-long summer program, "Future Voters Action Week," where we teach high school students public narrative skills and how to run a voter registration drive in their community. We also run shorter workshops that focus on how to run a high school voter registration drive in California. This grant will help us train youth leaders in Sunland-Tujunga. This grant will also help us boost the very low voter preregistration rate in Los Angeles County.

5) **How will this grant be used to primarily support or serve a public purpose and benefit the public at-large.**
(Grants cannot be used as rewards or prizes for individuals)

The low voter registration rate in L.A. County feeds into a cycle of low voter turnout and a disconnect between the next generation and our democratic system. Voting is crucial to preserve American democracy, and studies show that early outreach and connection to communities and peers is key to turning these trends around. By raising youth voter registration numbers, Sunland-Tujunga has the potential to make a difference in strengthening our democracy.

Funds will be used to send postcards to families with 16-18-year-olds in the neighborhood advertising the program, social media ads to do the same, and for payroll to staff the program and facilitate the outreach. We also have an existing strong relationship with Students Run Los Angeles, a member of our coalition. SRLA supports marathon running programs in L.A. schools, and they have an existing network of teachers who we will contact to promote high school voter registration.

Donors can deduct contributions they make to you as provided in IRC Section 170. You're also qualified to receive tax deductible bequests, legacies, devises, transfers, or gifts under IRC Sections 2055, 2106, and 2522.

In the heading of this letter, we indicated whether you must file an annual information return. If a return is required, you must file Form 990, 990-EZ, 990-N, or 990-PF by the 15th day of the fifth month after the end of your annual accounting period. IRC Section 6033(j) provides that, if you don't file a required annual information return or notice for three consecutive years, your exempt status will be automatically revoked on the filing due date of the third required return or notice.

City Councilmembers
City Of Los Angeles

Los Angeles, CA 90012

Dear Mayor Garcetti, City Controller Ron Galperin and Los Angeles City Councilmembers:

At the Sunland-Tujunga Neighborhood Council General Board meeting held on September 9, 2020, the Board voted ___For, ___Against, ___Abstain, to request the following letter:

The Safe Traffic and Transportation (STAT) Committee of the Sunland-Tujunga Neighborhood Council emphatically and unanimously opposes any defunding, redirecting or repurposing of the funding or budget of the Los Angeles Police Department or Los Angeles School Police Department.

We base this demand upon hundreds of residents' input loudly delivered at public meetings over our committee's four years. First-person observations are supported by almost quarterly traffic deaths on Foothill Blvd, our inclusion in the High-Injury Network, and last week's high-speed, late-night, hit-and-run fatality. We need more police and patrols, not fewer.

Grand theft auto (GTA) and burglary from motor vehicles (BFMV) have recently risen 30 percent in our community. Citywide that statistic is common. More, not fewer, police cars can reduce your constituents' resultant loss of work and costs to families and insurers who are now reworking rate structures.

In nearly every STNC, STAT, and Neighborhood Watch meeting, tearful or irate residents report recklessly speeding scofflaws and red-light offenders. Following City guidelines to educate, STAT overcame City obstacles to design and place light-pole banners urging traffic safety. Our traffic-safety yard signs are nearing distribution.

Necessary enforcement equipment will suffer further. Defective equipment, half of it manufactured in 2005, cut short a recent task force of LAPD and volunteers.

Foothill Community Police Station's highly active social interaction programs will suffer when fewer officers must urgently cover a rise in opportunistic crime. To date, outreach programs include:

Volunteer Community Patrols
C-PAB; Cadet police programs
Barbecues; Youth boxing
Anti-theft license plate screws
Neighborhood Night Out
Attending Historical Society, Elks
Special Olympics fundraisers

Shop with a Cop Holiday program
Basketball Bash outreach

Deemed vital to racial equality by DOJ's 2000 Consent Decree, Community Policing measures will suffer as LAPD resources stretch thinner.

Sunland-Tujunga has rampant traffic problems, is experiencing more gang-related graffiti, and sees growing encampments and home thefts by the unsheltered. While LAPD shouldn't have to deal with all those issues without help from other agencies, police presence helps keep those events from becoming violent.

Additionally, the LAPD has responded to calls for monitoring and keeping the peace between two opposing parties that have assembled, every Friday west of Foothill Boulevard and Lowell Avenue, and have been able to prevent any violence. Additionally, our STNC Board approved a CIS (#CF-0692) opposing defunding the LAPD by a vote of 12 - 2.

To recap, with this letter, we voice our support for LAPD and ask that attention be given to our previous request for funding an additional Traffic Officer to patrol our community and ensure that unsafe drivers are properly cited.

Sincerely,

Liliana Sanchez, President

Los Angeles City Council

SUBJECT: NEIGHBORHOOD COUNCIL AT-POLL ELECTIONS DURING COVID-19

Honorable Members:

SUMMARY

The Office of the City Clerk (City Clerk) is responsible for conducting up to 99 Neighborhood Council (NC) elections from March through June in odd-numbered years. After the recent 2019 NC election cycle, our Office, in partnership with the Department of Neighborhood Empowerment (DONE), joined with NCs to identify several areas in need of improvement for the 2021 NC election cycle. As a result, additional funding was requested in Fiscal Year (FY) 2020-21 Departmental Budget to: hire as-needed employees to assist with administrative functions; attend NC board meetings to foster on-going relationships with NC boards; and purchase additional polling place/Americans with Disability Act-compliant signage. In total, the Department requested \$1M to conduct the 2021 NC Elections to address these improvements. This was approximately a \$400,000 increase from the previous 2019 NC election budget.

For FY 2020-21, in a particularly difficult budget year for the City, only \$673,010 was approved for the 2021 NC elections. This will allow the City Clerk to implement a portion of the improvements originally planned. Given the current pandemic and related uncertainty, the Department is anticipating that precautionary measures and voting alternatives will need to be considered to continue providing elections in a safe environment. City Clerk staff have identified various procedures that can be implemented with the funding received, to provide a safe voting experience for the 2021 NC Elections. At this time, the Department's recommendation is that all NC elections be conducted by mail.

RECOMMENDATION

That the City Council adopt the following recommendations:

1. Instruct the City Clerk to implement all Vote-by-Mail (VBM) NC elections in FY 2020-21, in response to the current pandemic.
2. Instruct the City Clerk and DONE to develop a joint outreach plan to inform and educate stakeholders on the all VBM election process using current resources.
3. Authorize the City Clerk to use up to \$673,010 in funds currently appropriated for at-poll NC elections for all VBM elections.

BACKGROUND

In 2019, the City Clerk and DONE conducted a total of 81 at-poll NC elections. This included polling place recruitment, poll worker recruitment, in-person training, and Election Day administration. Voting hours varied from four to six hours and turnout ranged from 100 to over 1,000 stakeholders, depending on location. Tabling during elections was common practice, where NC Board Members served food, congregated with voters, and promoted their NCs.

Traditionally, NC elections are viewed as social gatherings where neighbors have the opportunity to not only vote for their local representatives, but also to socialize with their community members. This grassroots-oriented neighborly environment may not be feasible, nor practical, during the next scheduled election cycle if the current crisis persists and the safety restrictions set forth by the County of Los Angeles, Department of Public Health remain in place.

AT-POLL VOTING

As previously mentioned, common practices typical of the NC election experience may not be viable options for stakeholders in the upcoming election. If the current safety restrictions persist, the City Clerk will provide an update to NC leaders regarding limitations and precautionary measures that have been identified and will need to be enforced in an effort to provide an opportunity to vote safely.

Precautionary Measures:

- Recruit larger polling locations to
 - enforce social distancing
 - bar any type of gathering outside the polling location
 - restrict persistent interactions and potential large crowds
- Add additional line monitors to ensure voters are six feet apart from each other
- Purchase cleaning supplies to sanitize high touch surfaces and equipment
- Continue to provide an online application for interested poll workers
- Produce an online poll worker training video

While some of these measures may present a challenge in implementation due to the lack of funding, as well as the challenges that will surface in high turnout elections, the City Clerk is

committed to providing the opportunity for all City of Los Angeles stakeholders to participate in NC elections.

In addition, the City Clerk will seek assistance from our NC partners, including DONE, to enforce such processes and recruit a larger number of volunteers.

VOTE-BY-MAIL (VBM)

Also included in the City Clerk's 2020-21 budget package was an add-on VBM option for up to 30 NCs. Although this option was not funded, implementing VBM for all NCs may be the most viable alternative to allow participation in NC elections, while ensuring stakeholders' safety. In light of the current pandemic and budget limitations, the following all VBM scenario would replace any/all at-poll voting options.

Conducting all VBM NC elections would be unprecedented. In 2012, the City Clerk administered a VBM add-on option for 12 NCs which also hosted at-polls voting. In 2014, City Clerk administered an add-on VBM option for only one NC.

In order to adequately assess the work involved for an all VBM option, the City Clerk based its figures on turnout for several past at-poll NC election cycles. The City Clerk believes that although an all VBM (with NO polling places) can be implemented for the 2021 NC elections with the funding received, there are specific caveats to be considered. Also, because there is no historic data for an all VBM election model, participation levels are unknown.

In a plan to accomplish an all VBM election, stakeholders would need to utilize an on-line portal to apply for VBM ballots. Stakeholders would be able to submit any required documentation online to qualify for a ballot (based on each NC's bylaws). Stakeholders without internet access would complete a paper application and submit their documentation by mail/email so that staff could enter their information into the portal. Upon verification of stakeholder status, paper ballots would be mailed to stakeholders, and voted ballots would be returned by mail to the City Clerk.

To facilitate participation, stakeholders will be provided with a postage-paid envelope to return their voted ballots. For those stakeholders who have not mailed their ballot before Election Day, the City Clerk may provide a limited number of Drop Box locations in each NC Region on its respective Election Day, with a possibility of in-person voting only at the City Clerk's Election Division Office (both contingent on the City's opening to the public and staff capacity requirement). Placement of Drop Boxes assume that they would be in a secured location (e.g. Council Field Offices or libraries), with oversight provided by individuals associated with that location.

For the all VBM option, development of the VBM portal needs to begin immediately, as it needs to be tested and functional by mid-December, 2020. In anticipation of all VBM NC elections, the City Clerk has started developing the process for such a scenario. This includes, formalizing deadlines and processes to ensure all stakeholders are able to vote safely and conveniently, and developing specifications for a portal that can provide a fillable voter application, as well as generating reports necessary for establishing stakeholder eligibility. All NCs will need to be notified and presented with timelines explaining major milestones throughout the election season. NC election outreach will be a critical component. The City Clerk will partner with DONE and NC boards to disseminate information.

At-Polls with VBM

Please note that a hybrid at-polls election with an all VBM component would not be feasible at this time, due to limited funding and resources. An all VBM option requires increased costs such as postage and additional staff to verify applications, prepare ballot packets, and process returned/voted ballots. These expenses would replace the at-polls election costs of polling location fees and hiring/training poll workers. Having both options would require funding a combination of all of the above costs, and that level of funding is not budgeted.

Outreach

Outreach for NC elections are administered by DONE. Funding to support the implementation of comprehensive outreach strategies in multiple languages to support the 2021 elections (\$450K) was not approved, due to the fiscal constraints caused by the City's response to the COVID-19 pandemic. In its transition of NCs to uniform virtual governance, the Department determined it prudent to develop outreach tools for NC use in their communities. Final versions of the tools were made available to NCs following seven regional successful outreach gatherings. Consideration will be given to how our combined departments might use existing resources to promote participation in the 2021 NC elections.

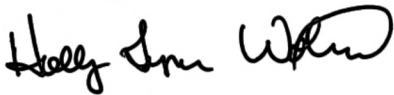

FISCAL IMPACT STATEMENT

No additional funding would be required this fiscal year for the implementation of either at-polls or all VBM NC election options.

CONCLUSION

The City Clerk is confident that either an at-polls or an all VBM voting scenario can be successfully conducted with ample planning and coordination, however, under the circumstances, we believe that an all VBM option is the best option to move forward. In these uncertain times, unprecedented actions are a necessity to meet the City's goals to serve the public. Due to budget constraints, sufficient funding does not exist to conduct both at-polls and VBM elections. In order to conduct a successful election cycle with existing funds, a decision to operate either at-poll elections or all VBM elections must be made. The City Clerk will continue to engage with DONE and NC stakeholders and welcomes feedback on voting processes that can be implemented to provide a safe NC election experience in 2021.

Sincerely,

Holly L. Wolcott
City Clerk

RE: Support to maintain the West Valley Animal Shelter as fully functioning municipal shelter

Dear Mayor Garcetti, City Controller Ron Galperin and Los Angeles City Councilmembers:

At the Sunland-Tujunga Neighborhood Council General Board meeting held on September 9, 2020, the Board voted ___For, ___Against,___Abstain, to request the following letter:

The STNC Board sends a letter to the Mayor and City Council and Los Angeles Animal Services to oppose the June 26, 2020 LAAS proposal as follows:

Whereas the Los Angeles Animal Services (LAAS) Department's draft Proposal dated June 26, 2020 to turn the West Valley Animal Shelter into a privately run Community Resource Center would result in significant loss of City services for the people and animals of the West San Fernando Valley; and

Whereas it would result in overburdening the only other city animal shelter in the Valley, the East Valley Animal Shelter; and

Whereas it would be inequitable because the entire burden of the LAAS budget cut is being visited on one area of the City, the West Valley; and is overwhelmingly opposed by the residents of the West Valley and the City; and

Whereas there are alternatives to the draft

Proposal that would maintain the West Valley Shelter as a fully functioning municipal shelter.

Now Therefore, the Sunland-Tujunga Neighborhood Council opposes the LAAS draft Proposal for the West Valley Animal Shelter dated June 26, 2020 to close the shelter. The City needs to fund the shelter and reopen it..

Liliana Sanchez, President
